

Hey Everyone!

I just thought I would touch base with everyone about the Sophomore Connection since we did not have time to talk today in class. It sounds like they are super interested in meeting with us for the one day a month when the faculty have their meeting. We need to start planning 3 days (one for each month of the semester) and so far, we talked about doing a "Newly Wed Game" and Panels for Majors. I really like both ideas because they mix getting to know each other, getting information about school, and having fun. We need to brainstorm one more idea for the third month. One idea I had was to do team building activities (this website has some great/different ideas: <http://www.ventureteambuilding.co.uk/team-building-activities/>), but we can just brainstorm for the 3rd day for now.

We really need to start planning the February class asap because the first Monday in February is the 6th (that 2 weeks away!!). I'm not for sure if that is the date of the faculty meeting, but I will check on when that is. I was thinking that the "Newly Wed Game" would be a good idea to do on that day, so we can start getting to know our mentees and start building a relationship. If anyone has another idea we could do or something we could add to that day, it is totally open for suggestions! Let the group know so that we can start planning it!

Here is a tentative schedule:

February- Newly Wed Game

March- Majors Panels

April- ???

Also, Bridget gave me the list of Sophomores and there were a few changes in the students who are in the Sophomore class so I am editing the mentor/mentee list. I am trying to make sure that most people have the same mentor/mentee, but some must be switched around because of our new members and the sophomores that dropped and added the class.

Please remember to reply ALL with your input on the February Sophomore connection!

Have a great night,

Terra
